# RAF COLLEGE CRANWELL

Flight Cadet System, GE, IOT, IOTC and SERE Databases 1920-2020

One of the first tasks before completing the albums and videos for the College 100 Web Site was to digitise as many of the records retained in the College archive as possible. Scanning the individual Flight Cadet records (1920-1973) and the Disposal Rolls of GE, IOT, IOTC and SERE cadets (1970-2020) itself took three months. Thereafter, each individual's surname, initials, branch and, where relevant, awards they had received were recorded in seven separate databases:

- Flight Cadets (Pre-World War II)
- War Years Airmen of SFTS
- Flight Cadets (Post-World War II)
- GE System
- IOT System
- IOTC System
- SERE (not all were recovered)

These databases formed the source data for many of the albums that appear on the College 100 web site, not least the pdf albums "Training Statistics", "Gongs Galore" and "Prizes".

Should you require any further information on individual cadets, you may email us at heritage@rafca.org.uk. Within the restrictions imposed by GDPR and on receipt of bone fide evidence of the enquirer's legitimacy to such information (i.e. relative of cadet), we shall endeavour to supply the information you seek.
